Any other details- the genesis, inception etc:

ICAR-National Institute of Veterinary Epidemiology and Disease Informatics (NIVEDI) is a pioneer research institute in veterinary epidemiology is carrying out disease surveillance, monitoring and analysis of livestock diseases in India through 31 collaborative centers of AICRP_ADMAS located in different states of the country. The AICRP on animal disease monitoring and surveillance (AICRP-ADMAS) initiated by the ICAR, made a humble beginning during the VIIth five-year plan and became fully functional in 1987 with establishment of four Regional Research Units (RRUs) at Bengaluru, Hyderabad, Pune and Ludhiana. The Central Coordinating Unit (CCU) was established at the Institute of Animal Health and Veterinary Biologicals, Bengaluru to co-ordinate research activities of the regional units. In the VIIIth plan, the institute was strengthened with support of ICAR and European Union by taking up the major responsibility under National Project on Rinderpest Eradication (NPRE) involving 32 state level diagnostic/disease investigation laboratories in the country. On 1st April 2000 (during the IXth plan), the CCU was given the status of Project Directorate and named as ‘Project Directorate on Animal Disease Monitoring and Surveillance (PD_ADMAS)’ with ten collaborating units under AICRP_ADMAS component. In the Xth and XIth Five year plan period, five more collaborating units were added for providing impetus to a nationwide animal disease monitoring and surveillance. Appreciating the contributions made by the Directorate to country’s livestock health sector and the need to strengthen the effort, the council rechristened PD_ADMAS as ‘National Institute of Veterinary Epidemiology and Disease Informatics (NIVEDI)’ on 25th October 2013 (XIIth plan period) with its exclusive campus at Bengaluru. Further, during the same plan period, 17 additional collaborating units covering others states were added under AICRP_ADMAS component totalling to 32 collaborating units for providing the needed impetus to a strong nationwide animal disease monitoring and surveillance network. On 9th January 2015, NIVEDI’s newly constructed administrative building and Biosafety Laboratory (BSL-2) was dedicated to the nation by Shri Radha Mohan Singh, Hon’ble Union Minister for Agriculture, New Delhi. At present ICAR-NIVEDI’s centralized Administrative building,

Biosafety (BSL-2 ++) Laboratory and Farmers' Training Hostel are located in a sprawling campus at Yelahanka, Bengaluru.
